

# Floral / Horticulture

2023 Clackamas County Fair  
Public Competition

Superintendent: Jennifer Martin (541) 761-7575

It's time to gather together, and say 'Hooray for Horticulture!' as we proudly show off the flowers and plants we've been raising this year. We welcome exhibitors of all ages and abilities – from little sprouts to those with too many tree rings to count!

## **NEW FOR 2023. ONLINE ENTRY IS REQUIRED and closes online on**

**July 24<sup>th</sup>, 2023.** If you experience difficulties in completing the online entry process, please reach out to the department superintendent for assistance or [colleenrobertcompton@gmail.com](mailto:colleenrobertcompton@gmail.com) for assistance.

Items accepted on Monday, August 14, 2023 from 11:00AM to 8:00PM

**Exhibitors with more than 15 entries are requested to have their paperwork turned into the main office by 1:00PM on August 14<sup>th</sup>.** If you have a large number of entries, we suggest that for each entry you also bring a gummed name and address label to be placed on your Exhibitor's Entry Tags. This will avoid the tedious task of filling in your name with pen or pencil on each entry tag. Downloading the entry form off of the Fair website gives you a head start, and can be filled out prior to your arrival to the Fairgrounds. Our Floral Department Clerks are on duty, and available to answer any questions you may have when you come onsite. **Feel free to contact the Floral Superintendent with any questions prior to August, 13<sup>th</sup>, 2023.**

---

There is easy access through the Entertainment Gate on the east side of the fairgrounds located on Pine Street. You can drive through this gate into the Fairgrounds to unload your heavy or multiple items.

The other option for access would be through the Main Gate. **We are located behind the Carnival, in The Floral Arcade located in the old growth trees.** Since this is the day before the opening day of Fair, it is congested via the Main Gate using your vehicle, but foot traffic is no problem.

We have tables for your use for arranging, etc. We also have water access, and a limited number of clear vases.

---

**Release Time:** Entries may be picked up from 12:00PM to 5:00PM on Sunday, August 20<sup>th</sup>; the day following the Fair. Please have your exhibitors claim check. Cash Premiums and Ribbons

(on request), will be given out at the Fair Office Will Call Window. **All Premium Monies have to be claimed by August 31<sup>st</sup>.**

## **Rules:**

We ask all entrants to furnish their own clear vase or jar, for display of cut flowers. Make sure the container is in proper proportion to the flower you are showing, and that container won't tip over. No plastic water bottles, please. We do have a limited number of available vases on site. Put your name on the bottom of vases you would like returned to you after the close of the Fair. The Fair Board will not be responsible for exhibits or containers, but reasonable care will be exercised.

The Floral Department is closed during judging, and will not be open to the public until noon, Tuesday, the opening day of the Fair. Nationally accredited judges will be busy at work during this time.

All Horticulture Specimens must be grown by the exhibitor. Name the Horticulture Specimens, if at all possible. Preference given to named varieties when judging. All Horticulture Specimens must have their own foliage, except where noted. Judges may be impressed by grooming and staging of exhibits.

An exhibitor may show multiple entries in each class, but will only be awarded one ribbon/premium per class.

Plants and cut flowers must be free of pests and diseases.

English Ivy, Scotch Broom, and Butterfly Bush are prohibited from use in any exhibits.

## **Helpful Hints for Preparation of Exhibits**

- Gather flowers early in the morning or late in the evening. Place stems immediately in cool water (the first 30 seconds are what counts). Set container in a cool, draft-free place. Use a sharp knife and cut stem on a slant. Crush wood stems for at least 2 inches. Let stand in deep water overnight. Roses may be cut and placed in water in the refrigerator and protected with paper.
- Remove foliage of flowers that would be below the waterline for cut flowers and arrangements. Stray petals can be removed without harming the quality of the flower – an example is removing guard petals on roses.
- Dahlias and Mums should be cut when fully open. Most other flowers, when buds are just beginning to open. A judge would rather see a flower coming into bloom than when the prime is past.
- Dahlias are hollow stemmed. Place cut Dahlia stems to a depth of 2-3" in 160-180\* water, protecting the blooms and leaves from the heat and steam by a collar of paper. Let stand in water in a cool shaded area for 2 hours or more, then add more water.
- It is important that all exhibits be named correctly and in proper Class.
- Check your exhibits for insect damage, and remove any spent flowers and dead/declining leaves. Clean and groom your exhibit.
- Transport your entries carefully so they do not bend and break or get bruised. Anchor them in boxes or tubs with packing on hand.
